Public Service Commissioners. I am writing to ask your commission to NOT approve Dominion for the Safety of South Carolina residents. Dominion is a Virginia Company. Their FIRST responsibility is to those customers. There is one pipeline servicing the East Coast, Transco. If Dominion schedulers reach capacity on Transco, the procedure is already in place for Dominion to shut down South Carolina River Power Plant in Zone 4 of Transco, to allow gas to flow to Zone 7 to benefit Dominion power plant generation. If the commission approves the sale of SCANA, you are placing the Citizens of South Carolina, in a position to freeze in the dark. Think about it.

Sincerely,
Justin (JC) Sutton
